

## The perfect choice for all types of pools

The SuperFlo™ by Pentair Pool Products® was specifically designed to be your best choice for a variety of inground pools. Thick walled body parts, a heavy duty 56 square flange motor, and highly engineered hydraulics make this rugged and tested design perfect for any pool, spa, water feature, or fountain. And SuperFlo's silent running capability and small footprint allow it to easily drop into a compact equipment pad.

### Standard features include:

- SuperFlo by Pentair Pool Products is a direct replacement for the Hayward® Super Pump®.
- Extremely quiet operation.
- Unionized fittings (1.5" and 2").
- Cam and Ramp™ Lid.
- Heavy duty, high service factor 56 square flange motor.
- Integral volute and pot reduces hydraulic noise.

# SuperFlo™

High Performance Pump

## Efficient, quiet, rugged, and versatile

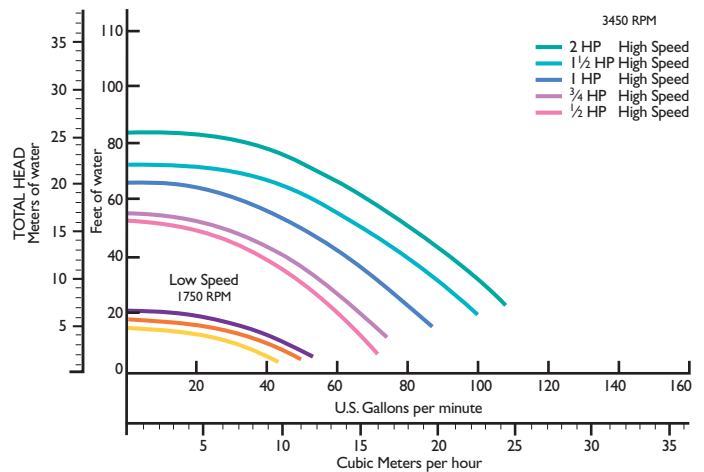

All pumps from Pentair Pool Products incorporate innovative hydraulic engineering that has been refined for over 40 years. SuperFlo reflects the latest and best Pentair technology, to move water more efficiently for lower operational costs. Compact, rugged, and easy to maintain, SuperFlo will deliver years of reliable service.

### Other features include:

- 115 volt or 230 volt available.
- 1/2 Hp to 2 Hp ratings available.
- Self-priming.
- Designed to be pressure tested.
- UL/CUL/NSF.

### Performance Curves

Ask your Pool Professional about Pentair's comfort and convenience options to add a whole new dimension to your pool living:

- ★ automatic sanitizers
- ★ automated controls
- ★ heaters/heat pumps
- ★ automatic cleaners
